Survey Results and Next Steps	<p>*With the Governor's Opioid Workforce Group taking on the Loan Forgiveness and Repayment mission do you feel our team has completed our portion of this work? Yes-4, No-0 *Do you feel the state should take on the Career Path Pamphlet? Yes-2, No-1 Other</p> <p><i>*I don't think it would be the most strategic use of State resources, but I also don't think it should sit with this group. This type of document often sounds like a good idea, but standards, etc. change so quickly that information becomes stale almost as soon as the project is finished; and if it were to be created there would need be resources to keep it up-to-date (not a small task)</i> <i>*not at this point.... let's see what we have first and then WHO would follow up.</i></p> <p>*If you would like to continue the work on the Career Path Pamphlet locally are you willing to participate in a subgroup moving the project forward? Yes-2 No-3</p> <p>*Given the work being done on the state level around Workforce Development do you feel our group is still necessary? Yes-1 No-5</p> <p>*Anything left to discuss and or follow up on? It depends on the mandate of the group moving forward. For several months there has been a question of what should take place next around our table and that seems to be a difficult question to answer. If that can be determined I would then assess whether I have something of value to offer.</p>	40 mins Dana
